Letter to the Minister

11th March 2019

The Honourable Adam Marshall, MP Minister for Agriculture and Western New South Wales Parliament House SYDNEY NSW 2000

Dear Minister

The Wine Grapes Marketing Board, on behalf of all wine grape growers in the City of Griffith and the Local Government Areas of Leeton, Carrathool and Murrumbidgee, has pleasure in presenting the report for the year ended December 31, 2018 for tabling in the NSW Parliament.

This 85th Annual Report on performance, activities and financial results has been prepared in accordance with provisions of the *Annual Reports (Statutory Bodies) Act 1984,* and the *Public Finance and Audit Act 1993.*

Yours sincerely

B. Grondal

Bruno Brombal Chairman

Tony Baggio Board Member

Chief Executives' Report - Brian Simpson

Welcome to the Wine Grapes Marketing Board's 2018 Annual Report of its operations and financial position. This report contains a copy of the minutes of the previous Annual General Meeting that was held Wednesday 27th June 2018 for your information.

In 2018 the Board introduced its Strategic Operations Plan 2019-2023 in accordance with the NSW Government's requirements under the *Agricultural Industry Services Act 1998.* Copies of this plan were sent to all growers in October 2018 prior to the meeting to approve the Plan and the 2019 budget and the statutory fees and charges to be applied in 2019.

The 2018 season for growers in the Riverina yielded 329KT (362KT in 2017) of winegrapes were harvested at a regional average purchase price of \$399 per tonne (\$333 in 2017). Prices for white winegrapes moved up 4.5% while red winegrapes increased 31% making a total increase of 20%. Growers on average also experienced a decline in yield across the region of around 10% so returns per hectare only increased marginally.

The breakdown of tonnages for the season were of the 329KT growers produced 219KT with wineries producing the rest 110KT (down from 127KT in 2017).

The NSW Government review of the Board operations which began in 2017 continued but has been delayed with finding due to be reported following the NSW Elections in 2019. The delay has been promoted by a major review nationally being conducted by the ACCC.

Statutory Compliance

The following information is provided to comply with the reporting procedure and prescribed content of the *Annual Reports (Statutory Bodies) Act 1984.*

Application for Extension of Time

The Board did not apply for an extension of time to publish its Annual Report for 2018.

Charter of the Board

The Wine Grapes Marketing Board is an NSW Agricultural Industry Services Committee formed in accordance with the *Agricultural Industry Services Act 1998* under the *Agricultural Industry Services Regulation 2015, Part 2.*

Agricultural Industry Services of the Board

(a) the development of a code of conduct for contract negotiations between wine grape growers and wineries,

- (b) the development of draft contract provisions with respect to the sale of MIA wine grapes to wineries, including provisions with respect to:
 - (i) The prices to be paid by wineries, and
 - (ii) The terms and conditions of payment to be observed by wineries,

in relation to MIA wine grapes delivered to them by wine grape growers,

- (c) the promotion of private contracts for sales of MIA wine grapes to wineries by wine grape growers,
- (d) the collection and dissemination of market and industry information, including the production and publication of indicator prices for MIA wine grapes grown in the Board's area of operations,
- (e) the conduct of research and development into plant health in relation to wine grapes,
- (f) the provision of education and training in relation to wine grape production and marketing,
- (g) the promotion (in association with organisations representing wineries) of wine made from MIA wine grapes,
- (h) the promotion of region industry, including regional winemaking, within the Board's area of operations,
- (i) the representation of the wine grape industry in relation to the matters referred to in paragraphs (a) (h).

The Board services the requirements of the independent winegrape producers that produce greater than 20 tonnes of winegrapes within its area of operation, The City of Griffith and the Local Government Areas of Leeton, Carrathool and Murrumbidgee.

1.1 Business Arising from the Minutes

No business was raised from the previous minutes.

2. Chairman's Report – Bruno Brombal

The Chair welcomed Michael Leane Riverina LLS to the meeting.

Members were advised that the Board is currently in its 85th year of operations in the region.

The organisation review by NSWDPI has been extended and will review terms and conditions of payment. It is not due to report until June 2019.

Harvest was down on the 2017 crush to 328KT. The Chair went through in detail the variations of production amounts across the major red and white winegrape varieties.

Raised concern that grape prices need to increase sustainably as members required \$3,500 per acre to be sustainable.

The Board has been invited to the Riverina Winemakers Association meetings which is good for relations and allow the Board to discuss matters of common interest.

Growers were advised that the Board had formed an alliance with the Riverland and Murray Valley to progress common interests in light of the forthcoming closure of Australian Vignerons.

The Board was also looking to formally change its name – this will be discussed later in the agenda.

Irrigation issues are going to be discussed later with Murrumbidgee Irrigation looking to amend the way that priority is given to irrigators.

Board elections will be held at the start of 2019 and growers were encouraged to consider standing. 5 places will be up for election.

Road spillages where reduced throughout the 2018 vintage which is a good sign that growers and transport drivers are not rushing or being impacted by other drivers this season.

The Chair finished his report by thanking the growers that continue to attend meetings and write submissions when asked by the Board for the benefit of the industry. Bruno also thanked his fellow members of the Board for the past 12 months of service to the industry.

3. Financial Report – Brian Simpson CEO

The CEO presented the income and expenditure statements as per the Annual Report for 2017. The Board financial position remained in a sound position for 2017. The Board recorded a moderate financial loss even due to returning to growers an amount of \$1.50 per tonne of fees to growers. Growers were referred to the Annual Report for further detail.

The budget for 2018 is based on the approved levy of \$3.90 per tonne on 220,000 tonnes.

4. General Business

4.1 Regional Planting

Members were shown the information that was compiled from the aerial survey that was undertaken. The region has just over 20,000 hectares of vineyards. Many of these are reaching an age that is too old.

4.2 Name of the Wine Grapes Marketing Board

The Board is looking to change the name of the organisation to reflect better its business and the members. The Board proposed a number of names and growers decided with a majority show of hands that the Wine Grapes Marketing Board by called Riverina Winegrape Growers.

That the Board be referred to as Riverina Winegrape Growers -

<u>MOVED:</u>	Eric Berton	
<u>SECONDED:</u>	Guilio Toscan	CARRIED

4.3 Riverina Local Land Services

Michael Leane from LLS provided a thorough overview of the Biosecurity legislative regime that is currently in operation. He spoke about the issues impacting on the Riverina in terms of plant and animal pests.

5. Other Business

The issue of delivery entitlements was raised with Peter Cremasco speaking about the concerns that

growers should have and the latest information from MI regarding the priority of high security water. According to MI High Security has lost its priority of delivery.

The Board along with other concerned irrigator groups is seeking legal advice on the matter. Growers are advised to read the material that they receive from MI and ask questions if you are not clear on these matters as they could readily impact on your property rights.

Being no further business, the meeting was declared closed at 10:00pm.

Bruno Brombal CHAIRMAN

A very successful year for the NSW Wine Industry Association. We are stronger than we have been in recent memory and hope that we are more relevant to both our members and also the industry at large. The association have recovered much of the lost ground we had with the State Government, especially in the areas of Trade and Tourism.

Highlights of the year are:

- The ERWSP State Tourism grant worth over \$2m
- A balanced financial result with growth to come on the back of new pricing and greater membership
- Continued development of the MOU with state government
- Building of a stronger R.D&E. platform for the state
- Stronger relationships with both Wine Australia and the WFA, at the bigger end and also the regions and corporate members of the NSWWIA
- A growing NSW Wine Awards, being presented at NSW government house
- The engagement of a communications person resulting in very good 2 weekly newsletters and social media
- The re-establishment of an Export subcommittee within the NSWWIA. This coincides with great growth in both value and \$ per litre for NSW exports

- The Sparkling wine workshop in Victoria brought together a number of passionate and intelligent NSW wine people
- The NSW Wine Industry Association Innovation forum is an excellent opportunity for the industry to meet with those providing support for R.D &E, both now and into the future

It is not all rosy, Associations are still hard to run and to get good engagement. The state government needs to turn good intentions into good practice which includes monetizing the support in the MOU.

We have continued liaising with both sides of government. We have had constant contact with the government and Ministers Blair and Marshall. We are in the process of working on an MOU V2 with both sides of parliament and we hope that it will be finalised before the next NSW election in March 2019.

The WET changes have been implemented since 1st July 2018 and I think this is going to see a cleaning up and limiting of the unintended recipients. The WET is always going to be part of the conversation going forward and we need to make sure that NSW Wine is at the table for this. We are continuing to liaise and work with the WFA (now Australian Grape & Wine) on this.

We have also been able to access to the EWRSP \$50 million for NSW Wine and this will be matched with \$1million from the state government and Destination NSW. I must congratulate Angus Barnes and Stewart Ewen for their hard work on this as well as the reference committee that worked with them. It is going to be great to see this money used to support NSW Wine.

We have continued to work with the regions to make sure that we are keeping them informed and Angus Barnes has been in regular contact and face to face meetings with the majority of the regions. We have had representation at our meetings from around NSW and I thank my board for their continued support.

From a Research, Development and Extension perspective, we continue to build strong relationships at federal, state and industry levels. This is best highlighted by our annual Innovation Forum, held in Orange NSW. this gives us the chance to hear new initiatives from industry, academia and government. Out of this we amend and update our strategy. We continue to have strong support from the NSW DPI and particularly Darren Fahey and Adrian Englefield. We are entering the last year of our current 5-year Skills Development Plan (SDP) and hope to establish a new SDP after that.

The NSW Wine Awards were again a crowning glory and we congratulate Tyrrells Wines on the win for their Vat 1 2005 Semillon for the Governors Trophy as the wine of the year.

As an association, we have made an improved commitment to communications and now send out regular fortnightly newsletters to a wide distribution list. The association has contracted the services of Alex Burgener from Palate PR to assist in this area as well as supporting our growing band of sponsors and partners.

We have continued to have great support from all of our vice presidents and I thank Liz Riley, Manda Duffy and Jonathan Chew for all of their work throughout the year.

The NWGIC has continued to evolve and we now have 4 industry members sitting on the board. I look forward to seeing NWGIC evolve over the coming years.

Financially, we continue to run a tight ship. Our result shows a small loss mainly due to the costs associated with preparing our ERWSP submission.

Future – probably like all organisations we have to encourage more people to put their hand up to take office and contribute. It cannot be left to a few people as everyone is busy and we must make sure that contribution comes from across the industry.

INDEPENDENT AUDITOR'S REPORT

Wine Grapes Marketing Board

To Members of the New South Wales Parliament

Opinion

I have audited the accompanying financial statements of the Wine Grapes Marketing Board (the Board), which comprise the Statement of Profit and Loss and Other Comprehensive Income for the year ended 31 December 2018, the Statement of Financial Position as at 31 December 2018, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, notes comprising a Summary of Significant Accounting Policies and other explanatory information.

In my opinion, the financial statements:

- give a true and fair view of the financial position of the Board as at 31 December 2018, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- are in accordance with section 41B of the *Public Finance and Audit Act 1983* (PF&A Act) and the Public Finance and Audit Regulation 2015.

My opinion should be read in conjunction with the rest of this report.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Board in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of public sector agencies
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Other Information

Other information comprises the information included in the Board's annual report for the year ended 31 December 2018, other than the financial statements and my Independent Auditor's Report thereon. The members of the Board are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprises the statement by members of the Board.

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

The Board's Responsibilities for the Financial Statements

The members of the Board are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the PF&A Act and for such internal control as the members of the Board determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the members of the Board are responsible for assessing the Board's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting except where the Board will be dissolved by an Act of Parliament or otherwise cease operations.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors responsibilities/ar4.pdf. The description forms part of my auditor's report.

My opinion does not provide assurance:

- that the Board carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

STATEMENT BY MEMBERS OF THE BOARD

Pursuant to Section 41C of the *Public Finance and Audit Act 1983*, and in accordance with a resolution of the members of the Wine Grapes Marketing Board for the City of Griffith and the Local Government Areas of Leeton, Carrathool and Murrumbidgee, we declare on behalf of the Board that in our opinion:

- 1. The accompanying financial statements exhibit a true and fair view of the financial position of the Wine Grapes Marketing Board as at 31 December 2018 and its transactions for the year then ended.
- 2. The statements have been prepared in accordance with the provisions of the Public Finance and Audit Act 1983, and the Public Finance and Audit Regulation 2015, and the Treasurer's directions.

Further, we are not aware of any circumstance which would render any particulars included in the financial statements to be misleading or inaccurate.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 31 December 2018

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Wine Grapes Marketing Board (the Board) is domiciled in Australia.

The financial statements were authorised for issue by the Board on 11th March 2019.

Statement of Compliance

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards adopted by the Australian Accounting Standards Board ("AASB"), and in compliance with Section 41B of the *Public Finance and Audit Act 1983*.

The financial statements are for the Wine Grapes Marketing Board as an individual entity.

Not-for-profit status

Under AIFRS, there are requirements that apply specifically to not-for-profit entities that are not consistent with International Financial Reporting Standards (IRFS) requirements. The Board has analysed its purposes, and operating philosophy and determined that it does not have profit generation as a prime objective. Consequently, where appropriate the Board has elected to apply options and exemptions within AIFRS that are applicable to not-for-profit entities.

Basis of Preparation

All amounts are rounded to the nearest dollar and are expressed in Australian currency.

The financial statements have been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of consideration given in exchange for assets.

The preparation of financial statements in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily available from other sources. Actual results may differ from these estimates. These accounting policies have been consistently applied by the Wine Grapes Marketing Board.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Changes in Accounting Policies

AASB 9 Financial Instruments has been adopted for the first time in the current year. Accounting policy 1(b) Financial Instruments has been amended accordingly. This change in accounting policy did not have a material impact.

Other than the change noted above the accounting policies set out below have been consistently applied to all years presented.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 31 December 2018 (continued)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(a) Property, Plant & Equipment

Land and buildings are recorded at their fair value, being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction. It is the policy of the Board to have an independent valuation of land and buildings every three years, with annual appraisals being made by directors.

Plant and equipment are stated at cost less accumulated depreciation (see below) and impairment losses. Where parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

Increases in the carrying amount arising from the revaluation of land and buildings are credited to the asset revaluation reserve, except to the extent that the increase reverses a prior year decrement for that class of asset that has been recognised as an expense, in which case the increase is recognised as revenue up to the amount of the expense. Decreases in the carrying amount arising from the revaluation of Land & Buildings are recognised as an expense, except to the extent that prior increases are included in the asset revaluation reserve, in which case the decrease is debited to the asset revaluation reserve to the extent of remaining increases.

Depreciation

Depreciation is charged to the statement of profit and loss and other comprehensive income on a straightline basis over the estimated useful lives of each part of an item of property, plant and equipment. Land is not depreciated. The estimated useful lives in the current and comparative periods are as follows:

Class of Fixed Asset	Depreciation Rate
Buildings	2.5%
Motor Vehicles	20%
Research Equipment	10% - 30%
Office Equipment	6.667% - 40%
Computer Equipment	20% - 50%

Generally, physical assets with a cost of less than \$500 are expensed in the year of acquisition. However, the Board has determined that all items of research, computer and office equipment which are easily transportable, be capitalised regardless of the cost of acquisition.

See Note 10.

(b) Financial Instruments

Financial instruments, with the exception of trade receivables, are initially recognised at fair value plus or minus transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition financial instruments are measured at amortised cost.

Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted on an active market and are stated at amortised cost using the effective interest rate method. All receivables at balance date are current and a provision for impairment has been raised for receivables considered doubtful of collection.

(c) Cash and cash equivalents

Cash and cash equivalents comprise cash balances, call deposits and term deposits with maturity dates of less than 3 months. Bank overdrafts that are repayable on demand and form an integrated part of Wine Grapes Marketing Board's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

Accounting for finance income is discussed in note 1(h).

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 31 December 2018 (continued)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(d) Trade and other receivables

Trade and other receivables are stated at cost less impairment losses. Collectability of receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off.

(e) Impairment

The carrying amounts of the Board's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds it recoverable amount. Impairment losses are recognised in the statement profit and loss and other comprehensive income, unless an asset has been previously revalued, in which case the impairment loss is recognised as a reversal to the extent of that previous revaluation with any excess recognised through the statement of profit and loss and other comprehensive income.

(f) Employee Benefits

A provision is made for the Board's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year together with benefits arising from wages and salaries, annual leave and long service leave which will be settled after one year, have been measured at amounts expected to be paid when the liability is settled plus related on costs. Other employee benefits payable later than one year have been measured at the present value of estimated future cash flows to be made for those benefits.

Contributions are made by the Board to an employee superannuation fund and are charged as expenses when incurred.

(g) Trade and other Payables

Payable amounts represent liabilities for goods and services provided to the Board. Trade and other payables are stated at their amortised cost.

(h) Revenue

Fees and Charges on Growers

Revenue from the sale of goods is recognised in the statement of profit and loss and other comprehensive income when significant risks and rewards of ownership have been transferred to the buyer. Fees and charges on growers is measured at the fair value of the consideration received or receivable after taking into account any fees and charges returned to growers. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due, or the costs incurred or to be incurred cannot be measured reliably.

Interest

Interest revenue is recognised on an accrual basis taking into account the interest rates applicable to the financial assets.

Grant Revenue

Grant revenue is recognised when control of the contribution is obtained. Control is normally obtained upon receipt.

Other revenue

Other revenue is recognised by the Board when it is probable that the economic benefits associated with the transaction will flow to the Board. Revenue is measured at the fair value of consideration or contributions received or receivable.

(i) Income Tax

The Board is exempt from income tax.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 31 December 2018 (continued)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(j) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of the goods and services tax (GST), except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of the GST recoverable from, or payable to, the ATO is included as a current asset or liability in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

(k) Accounting Standards Issued but not yet Effective

A number of Australian Accounting Standards have been issued or amended since the last reporting date and are applicable to the entity but are not yet effective. The Board has assessed the impact of these amendments and they are immaterial to the entity. They have not been adopted in the preparation of the Financial Statements at balance date.

(I) Board Activities

The Board is not involved in the buying or selling of winegrapes. In 2015 the Board sought winery adoption of Agency Agreements that they could enter to agree to deduct and forward to the Board statutory fees and charges at a cost to the Board of 5% + GST.

The Board sought the appointment of Authorised Inspectors in accordance with the *Agricultural Industry Services Act 1998* to obtain information from purchasers that did not sign into an Agreement with the Board. The details of production obtained through this process allow the Board to individually invoice grape producers for the statutory fees and charges when required.

(m) Fair Value of Assets and Liabilities

The Board measures some of its assets and liabilities at fair value on either a recurring or non-recurring basis, depending on the requirements of the applicable Accounting Standard.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

In addition, the Board determines whether transfers have occurred between levels in the hierarchy by re assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

NOTE 4: FEES & CHARGES ON GROWERS

For the 2018 vintage the fees and charges rate was approved by a formal motion of members at \$3.90 per tonne (2017 \$3.90 per tonne) being for fresh weight of wine grapes for the purpose of funding the grower approved budget, activities and services of the Board. Charges on growers represent the grower contribution to Board services and activities via the statutory charge.

In late 2018 the Board moved to return to growers on 2018 production an amount of \$1.00 per tonne on the fees and charges received in 2018 due to an increase in production above budget and surplus funds in its accounts. A number of growers received a return of \$3.90 per tonne in 2018 as they produced less than 20 tonnes in the year and in accordance with the legislation are not defined as a constituted grower. The Board is also finalising prior years returns to growers that have been hard to locate and contact.

The following table shows the fees and charges received and returned during the year:

NOTE 15: FINANCIAL INSTRUMENTS

(a) Significant Accounting Policies

Financial assets and liabilities are recorded at the amount due and payable.

(b) Interest Rate Risk

The Wine Grapes Marketing Board's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rate on those financial assets and financial liabilities, is as follows:

NOTE 15: FINANCIAL INSTRUMENTS (Continued)

(c) Credit Risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial instruments is the carrying amount of those assets, net of any provisions for doubtful debts, as disclosed in the statement of financial position and notes to the financial statements.

At balance date there were no significant exposures to credit risk. The maximum exposure to credit risk is represented by the carrying value of each financial asset in the statement of financial position.

(d) Net Fair Value

All Financial Assets and Liabilities are not traded on organised markets in standardised form. Net fair value is determined with reference to, and as a result is not materiality different from the carrying amounts of the assets and liabilities in the statement of financial position determined in accordance with the accounting policies disclosed above.

The fair values together with the carrying amounts shown in the statement of financial position are as follows:

Fair Values	Carrying	Fair	Carrying	Fair
	Amount	Value	Amount	Value
	2017	2017	2018	2018
	\$	\$	\$	\$
Financial Assets				
Cash and Cash Equivalents	557,824	557,824	650,945	650,945

Financial Liabilities				
Trade and other Payables	62,748	62,748	55,748	55,748

(e) Estimation of Fair Values

The following summarises the major methods and assumptions used in estimating the fair values of financial instruments reflected in the table.

AASB 9 contains a new classification and measurement approach for financial assets that reflects the business model in which assets are managed and their cash flow characteristics. Financial assets have been recognised at fair value plus transaction costs.

Based on its assessment, The Wine Grapes Marketing Board does not believe that the new classification requirements have a material impact on its accounting for the financial assets that it holds.

Securities

Fair value is based on quoted market values at the balance sheet date without any deductions for transaction costs.

Trades and Other Receivables / Payables

For receivables / payables with a remaining life of less than one year, the notional amount is deemed to reflect the fair value. All other receivables / payables are discounted to reflect fair value.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 31 December 2018 (continued)

NOTE 16: COMMITMENTS

There was no capital and operating lease commitments as at 31 December 2018 (2017: nil).

NOTE 17: CONTINGENT LIABILITIES

The Board is not aware of any contingent liabilities as at the date of signing off the accounts (2017: nil).

NOTE 18: SEGMENT REPORTING

The Board is based in Griffith, NSW. It derives its income via fees and charges on constituted growers of winegrapes producing greater than 20 tonnes within the City of Griffith and the Local Government Areas of Leeton, Carrathool and Murrumbidgee.

NOTE 19: RELATED PARTY TRANSACTIONS

During the 2018 Financial Year there were no material related party transactions, other than those noted in Note 20 which were conducted at arm's length.

NOTE 20: KEY MANAGEMENT PERSONNEL

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Board, either directly or indirectly. The key management personnel of the Board comprise the directors and executive management who are responsible for the financial and operational management of the Board. Board directors are all constituted wine grape growers and all pay the statutory fees and charges annually via the processor that they deliver wine grapes to. Board directors also receive any returns made by the Board to growers and in 2018 all Board directors received a \$1.50 per tonne return on the \$3.90 fee paid on their production. These transactions were made at arm's length.

NOTE 21: FINANCIAL RISK MANAGEMENT

The Board's activities expose it primarily to the financial risks of liquidity, credit and interest rate risk. The Board and senior management are responsible for monitoring and managing the financial risks. They monitor these risks through monthly board meetings where management reports are presented and analysed. The Board does not enter into any derivative financial instruments nor speculate in any type of financial instrument.

(a) Liquidity Risk

Liquidity risk is the risk the Board will be unable to meet its financial obligations as and when they fall due. The Board manages liquidity risk by maintaining adequate cash reserves to ensure sufficient cash is available to settle obligations as they fall due.

(b) Credit Risk

Credit risk is the risk of financial loss to the Board as a result of a customer or counterparty to a financial instrument failing to meet its contracted obligations. The Board's exposure to credit risk is through its receivables balance which is not considered significant.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 31 December 2018 (continued)

NOTE 21: FINANCIAL RISK MANAGEMENT (continued)

(c) Interest rate risk

Interest rate risk is the risk that changes in interest rates will affect the Board's income or value of its obligations. The Board is exposed to interest rates risk through its deposits with banks. Interest rates and maturities are detailed in note 15.

(d) Sensitivity analysis

The Board has performed a sensitivity analysis relating to the exposure to interest rate risk at balance date. The sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in interest rates:

31/12/17 \$		31/12/18 \$
	Change in surplus	0.500
5,578	Increase in interest rate by 1%	6,508
